## “ArtistGallerist: Art by Artists running Art Spaces” – Curated by David E. Stone

February 1 – 29, 2008 - Opening Reception: Friday, February 1, 7pm – 10pm

“ArtistGallerist” is an exhibition of Art by Artists who operate/direct Art Spaces/Galleries in the Los Angeles area. Inspired by a recent LA Times article about the increasing number of artist run galleries in Los Angeles, Co-Director of ANOTHER YEAR IN LA, David E. Stone invited the following list of artists, who run their own art spaces, to exhibit their work for this upcoming exhibition, “ArtistGallerist”:

**Nena Amsler** (HAUS), **Lara Bank** (Sea and Space Explorations), **Elizabeta Betinski** (OVERTONES Gallery), **fette** (fette’s gallery), **Ian Hunter** (Shotgun Space), **John Knuth** (Circus Gallery), **Leora Lutz** (Gallery Revisited), **John Matkowsky** (drkrn.gallery), **William Rabe** (HAUS) **Star Rosencrans** (Shotgun Space), **Michael Smoler** (High Energy Constructs), **Cathy Stone** (another year in LA).

Curator Stone did not select the work for the exhibition, he chose the artists with the understanding that as arts professionals, who curate their own exhibitions, each was capable of submitting an artwork that they felt best represented themselves as artists.

**Exhibition: February 1 – 29, 2008**

**Opening reception: Friday, February 1, 7pm -10pm**
